

THE CENTURION WAY

PROJECT UPDATE FOR STAKEHOLDERS

alister.linton-crook@southdowns.gov.uk

September 2018

We have been undertaking feasibility studies and design work for the current phase of the Centurion Way project to develop a planning application for the next section from West Dean to the South Downs Way National Trail at Cocking. We expect to submit the planning application soon and designs will be available to preview.

PUBLIC INVITATION

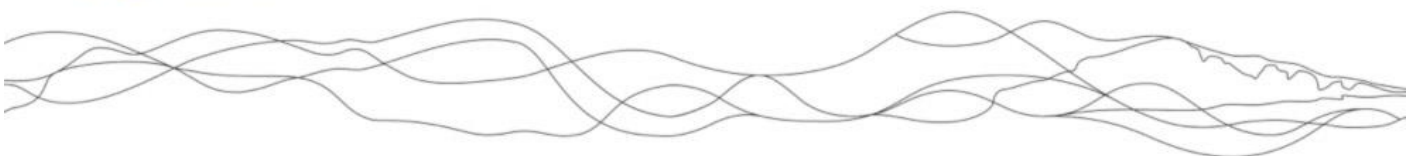

View the Centurion Way Planning Drawings

From West Dean to the South Downs Way, Cocking

24 October - 3pm to 7pm

Cocking Village Hall, Bell Ln, Cocking, GU29 0HU

- Proposed 6km route will start from north of West Dean Tunnel, by-pass Singleton Tunnel and leave the former track bed south of Cocking Tunnel and connect with the South Downs Way
- Extensive habitat surveys have been undertaken along the corridor to ensure important wildlife habitats are not negatively impacted
- We have developed the path design and alignment with the landowners and tenants to accommodate their views and farming operations. We remain grateful for their positive support
- Over 1,000 visitors weekly on Centurion Way (Binderton-West Dean average since April 2018)
- West Dean Stores and Tea Room recently installed cycle parking and fix-it station supplied by the South Downs National Park

SDNP Cycle parking stands and fix-it station at West Dean Stores and Tea Room
